COMPANY
CASE

Xuhui Xinzhuang Center

Glass Configuration

8 Ultra-clear + 1.52 + 8 Double Silver
LOWE + 12AR + 8 Ultra-clear

Project Performance

This project utilizes a double silver ultra-clear laminated insulated glass configuration. Our company effectively met the designer's requirement for a modern blue tone in the office area while also fulfilling energy efficiency and environmental protection standards.

Shanghai Jiading Baolong City Square

Glass Configuration

8 Ultra-clear + 1.52 + 8 Ultra-clear Large Format
Colored Glaze

Project Performance

This project utilizes a colored glaze ultra-clear laminated glass configuration. As a large-scale integrated commercial plaza, it requires high color standards for the glass facade, along with a high level of safety performance. The laminated colored glaze glass provided by our company meets both the aesthetic demands of the building and the high-performance safety requirements of the glass.

Shanghai Expo Axis

Glass Configuration

8 Ultra-clear + 1.52 + 8 Ultra-clear
Large Format Irregular Laminated
Glass

Project Performance

As the flagship project of the 2010 Shanghai World Expo, our company supplied curved irregular ultra-clear glass, perfectly highlighting the architectural beauty of the curves.

KB Jiantao Commercial Plaza

Glass Configuration

6 + 1.14 PVB + 6 Double Silver LOWE + 12AR + 6 Tempered Laminated Insulated Glass,

8 + 1.14 PVB + 8 Tempered Laminated Glass,

8 + 12A + 8 Double Silver LOWE Tempered Insulated Glass, and other high-performance, energy-efficient, and environmentally friendly building glass.

Project Performance

KB Jiantao Commercial Plaza is a mixed-use office and commercial complex. The project includes glass for windows and doors, curtain walls, skylights, and observation elevator shafts. Our company supplied a range of high-performance, energy-efficient, and environmentally friendly glass. These products not only meet energy-saving and environmental standards but also offer various types of architectural glass, fully satisfying the architects' design specifications and the client's budgetary requirements.
